Subject: DMV Testimony - HB 5041

Good afternoon:

Rep. Themis Klarides has sent out emails in an attempt to elicit support for HB 5041. The text of this bill (*The Department of Motor Vehicles shall enter into a privatization contract, as defined in section 4e-1 of the general statutes, to privatize services provided by the department that are not privatized as of the effective date of this section.*) is so lacking in specifics that there is no way I can find a reason to support OR oppose it.

Perhaps if there was more thought and planning given to what could/should be privatized and made a part of the bill I could then be persuaded one way or the other.
